

COMPANY PROFILE FORM	
Name	UNI-PHARMA S.A.
Short profile	<p>UNI-PHARMA S.A. was founded in 1969 by the pharmacist Kleon Tsetis, with the scope of producing original and innovative pharmaceutical products in a variety of forms. Its primary objective was to strengthen the presence of Greek pharmaceuticals in the domestic market, by delivering top tier quality products, under the highest production standards.</p> <p>Since its foundation, 40 years ago, Uni-Pharma has grown from a small privately held company into a large and dynamic organization, which currently holds first place in unit sales among Greek companies in the domestic pharmaceutical market. Uni-Pharma researches, develops, manufactures, markets and distributes pharmaceuticals in a wide range of therapeutic categories (e.g. analgesia, thyroid function regulation, cardiology, and asthma), nutritional products and medical devices, presenting an unrivaled degree of vertical integration and lateral network expansion.</p> <p>Uni-Pharma's dynamic growth is based on investments in Research and Development with a specialization in formulation technology, as well as on its work culture, designed to develop staff skills and to encourage individual contribution and creativity.</p> <p>Uni-Pharma's prime objective is to ensure bi-axial long-term growth under the optimum mix of inward development of its own resources and capabilities and outward development of value adding strategic alliances.</p>
Research and Development Activity:	
Partner search with activity in the following research areas:	<p>In this light we would be vividly interested in co-development and/or technology transfer projects in the following fields of Biotechnology:</p> <ul style="list-style-type: none"> • Biosimilars (e.g. EPO, HGH, G-CSF, Human Insulin, Interferon) • Recombinant vaccines • Peptide, protein & enzyme synthesis and purification (e.g. L-Asparaginase) • Monoclonal antibody synthesis and purification <p>We are looking forward to meeting you and exploring ways in which we could develop profitable partnerships based on synergies of core competencies that we may leverage on.</p>
